Glendale

GLENDALE is a GROWING town which offers many OPPORTUNITIES to the man of MODEST MEANS; its wide surrounding territory is RICH in agricultural POSSIBILITIES.

GLENDALE has grown from a COUNTRY village of 750 inhabitants to a MODERN TOWN of 2,740 population in a FEW BRIEF YEARS; what Pasadena is to Los Angeles, GLENDALE is rapidly becoming to PHOENIX.

GLENDALE is a REAL HOME TOWN, where the cow, the chickens and THE GARDEN materially cut the HIGH COST of living.

GLENDALE'S schools, built on the unit plan, are NOTED in educational circles as giving EACH CHILD the maximum of SUNSHINE and FRESH AIR; a separate BUILDING for each 36 pupils.

GLENDALE has municipal electric lighting, water and sewer SYSTEMS municipal PARK; municipal exhibit building; and is now preparing to PAVE its streets.

GLENDALE'S homes are modest but MODERN; its merchants are PROGRESSIVE; its stores up-to-date; its people prosperous, HEALTHY and contented.

IF YOU are seeking health, wealth or happiness, GLENDALE can interest you.

WOMEN WILL LISTEN TO CANDIDATES AND LEARN ABOUT BALLOT

The Woman's Republican League will meet Friday afternoon at 2:30 o'clock at the Woman's Club house. The speakers for the afternoon will be Linwood S. Pratt, Republican candidate for county superintendent of schools, and H. S. Dagg, of the county Republican committee. Also at this meeting there will be instruction in the proper filling out of the ballot. It has been especially requested that all ladies, irrespective of their politics, are invited.

More Pickers Arrive
Although the price of cotton remains unchanged, pickers are arriving in the Glendale district constantly. Each few days carloads arrive and a few Indians from the north come in. Wednesday 23 came in and this makes a total of 415 that have come into this district in the past two months. With all these and the ones that have been shipped in before there still exists a shortage of 1,500.

Sign Falls
The heavy sign that hung in front of Carrick Realty company office crashed to the ground Wednesday afternoon during the windstorm. It was indeed lucky that no one was in front of the place or a serious accident might have happened.

Give Lunches
Mrs. E. J. Walker gave a most delicious luncheon Tuesday to the members of her club committee. The guests present were: Mrs. Tuttle and daughter, Mrs. Higgins and daughter, Mrs. Harry Chapman and son, Mrs. E. A. Hudson and Mrs. C. A. Pulsifer.

Here for Winter
Mr. and Mrs. Rowley of Toledo, Ohio, are in Glendale to spend the winter. They have taken rooms with Mrs. Rose Hoyer on North Fourth avenue. Mr. Rowley is the great uncle of Mrs. C. V. Tuttle.

Enthusiastic Visitor Here
T. N. Davis and wife of Tulsa, Oklahoma, stopped off in Glendale Tuesday, while en route to Los Angeles, where they will spend the winter. Mr. Davis is a prominent merchant of Tulsa. He is very enthusiastic over the outlook in Glendale, stating that he had traveled extensively for several months but nowhere had he seen the amount of building and progressive work in general going on as it was in Glendale, since he was here a year ago. He even went so far as to say that Glendale had outstripped St. Louis in the same length of time. He has spent some time there lately and while there, in investigating, found

that only 200 building permits had been issued in a year. He said while in Glendale he believed that he could go out and count that many that had built since his last visit here.

Goos Back to L. A.
Verne Dumphy has returned to Los Angeles after a short visit with his mother here.

Building Home
Mr. and Mrs. Robert Hogan, who have recently returned from an extensive visit in the east, are now building a home, into which they expect to move next month.

Repairing Parsonage
The Methodist parsonage has been undergoing a thorough renovation and repairing. The walls are being plastered and tinted and when completed will make the home quite cozy and comfortable.

Churches Hold Meeting
Representatives of the different churches met in a mass meeting Monday night to formulate an agreement, asking all the stores to close on Sunday, allowing only those that must stay open through necessity to remain open. This Sunday closing is not a law but it is felt that they should close. Also a request is being made that hereafter that no Sunday baseball games be allowed to be played on the high school grounds. However, so far no action on the matter has been taken and nothing has developed.

New Resident
A son was born to Mr. and Mrs. Chas. P. Moeny of Catlin Court. The Woman's club held their first meeting Wednesday afternoon since early spring, all meetings being suspended during the summer. Mrs. George Walters is president for this year, and a very enthusiastic meeting was held. Committees were appointed

and the program committee is now working out plans for the succeeding meeting. The club house has been given a thorough renovation and new curtains have been installed.

Return From Extensive Trip.
Mr. and Mrs. William Creswell have returned to Glendale after an extensive trip throughout the east.

Will Hold Meeting.
The Junior Missionary club of the First Methodist church will hold its first fall meeting Sunday afternoon at 3 o'clock. All boys and girls in the grades are cordially invited to attend. Visits School.

Baptist Notes
While the Men's Baptist Missionary society was holding its regular meeting Sunday afternoon at 3 o'clock at the Baptist church the Woman's Baptist Mission circle held a meeting outside with twenty members present. Some letters from the state officers of the W. B. F. and H. M. S. were read and acted upon. Two calls for Christmas boxes were read, one from Miss

WORK

'Homes' and 'Hazards'

"Homes" are not built for their speculative value. They are built for one purpose only—the protection and comfort of one's self and one's family.

The "moral hazard," therefore, is the best. The man with an equity in his home wants to clear the title as soon as he can. He will put his money into the home rather than spend it on trivial things. If he is a wage-earner he will stick to his job better because he has obligations to meet. He becomes an asset to the community.

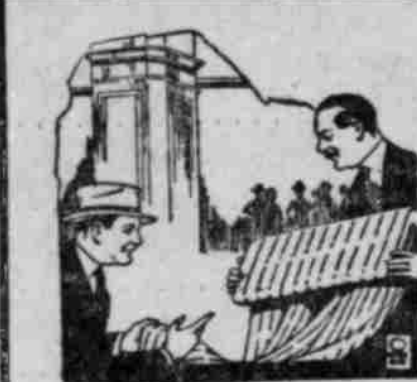

There is no risk in a loan of this kind, right here where you can select your loan and watch it. We will welcome an opportunity to talk facts and figures.
